

III Plus Europe Conference, May 16 & 17 2016 at Caixaforum Madrid

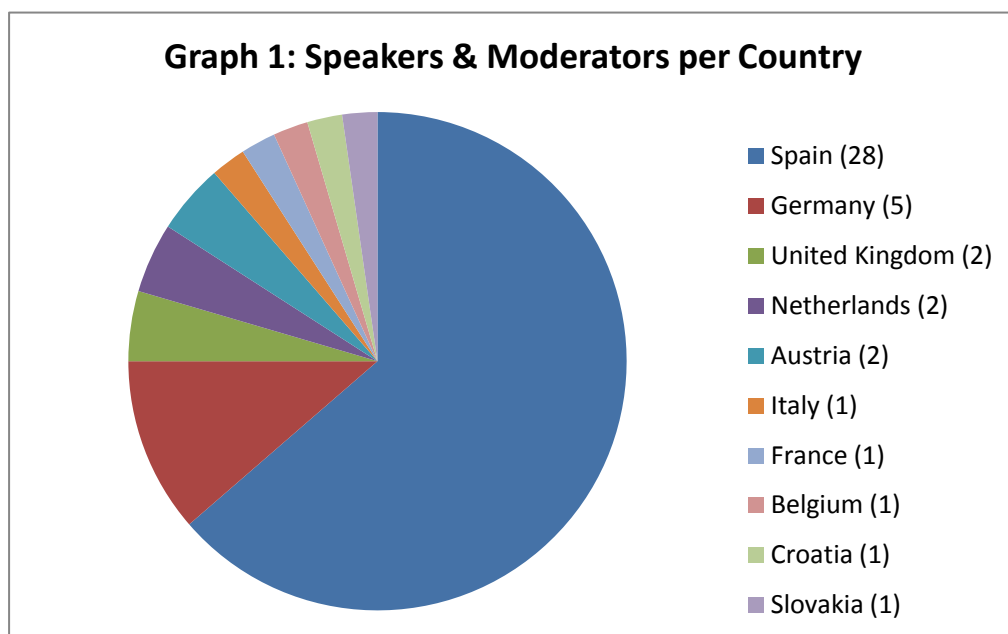

Report

In terms of numbers, the III Plus Europe Conference, that took place at Caixaforum Madrid on May 16 and 17 2016 was a large success for the organizing team of the Association Plus Europe.

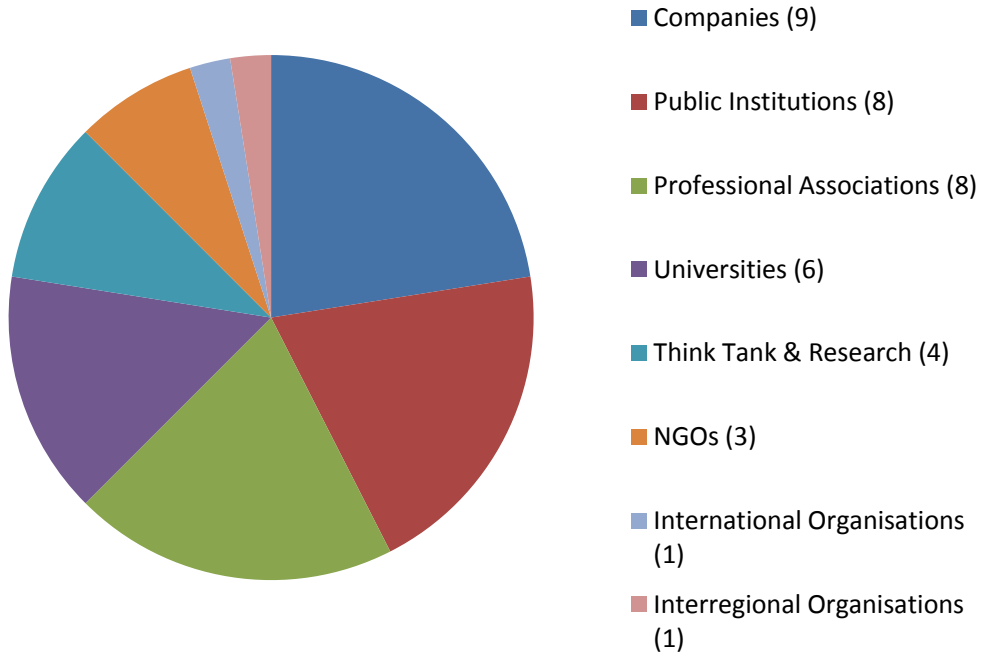

Over the course of the 2-days event more than 170 persons, including visitors, speakers and a small corps of staff, visited the panels and presentations of the Conference. Visitors, including 59 students (stipends) came from 26 countries all over the world, including Armenia, Egypt, Nigeria, the United States and Mexico and the majority of EU member states. Two Spanish and international media teams were present, namely of “La Vanguardia” newspaper and RTVE (Radio Televisión Española).

Overall, the speakers’ and visitors’ organisational background was very diverse: International and Interregional Organisations, such as the International Water Association and Eurorégion Pyrénées-Méditerranée, EU Institutions such as the Commission and the Parliament Representation in Spain, representatives of the banking and insurance sector, professional associations, Chambers of Commerce, European Universities, Think Tanks and Research Institutes and of course companies from very different sectors, such as business consulting and water & sanitation infrastructure.

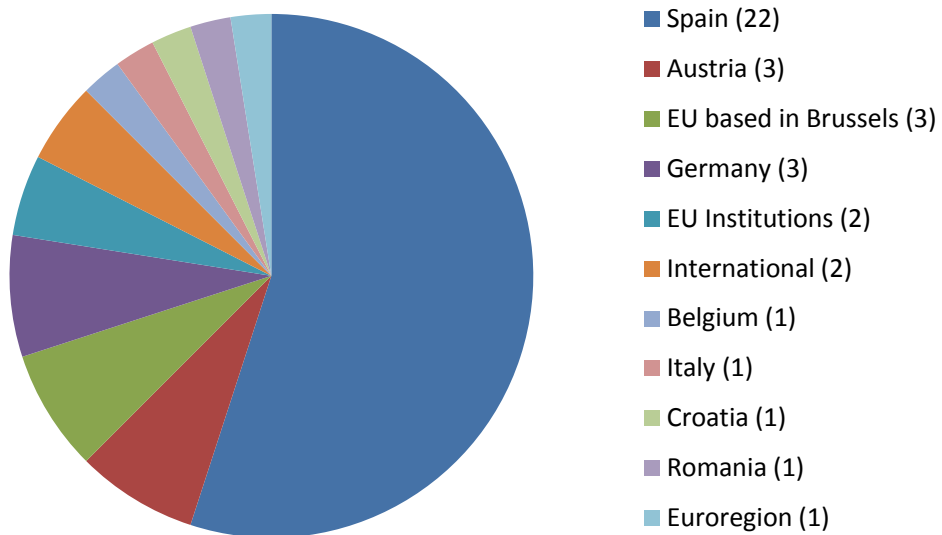

The following graphs demonstrate the Conference statistics in a comprehensive way, including the speakers’, moderators’ and student attendees’ country of origin, as well as the types and origin of organisations represented in the panel and discussion boards.
